## District Commander's Briefing - August 11th

USACE District Engineer Briefings are coming via webinar on Tuesday, 11 AUG 2015 from 0845-1230 CST. The cost will be \$100 for private sector participants (a bargain compared to the cost of an in-person conference registration and travel costs like in past years!); and free for public sector participants.

Registration for each log-in location will be separate (i.e. \$100 each site for companies with multiple sites), but you can have as many people in the room as you want without everyone having to register separately.

This year will include District Engineers from, Rock Island, Chicago, Omaha, Kansas City, St. Paul, St. Louis, and Louisville

These districts will be presenting their FY15, FY16 and out-year programs for the benefit of our members, especially the Architect/Engineer community.

## xStream Cleanup 2015

The Rock Island Post will again be participating in the xStream Cleanup. This program works to cleanup creeks, drainage ways, and sections of the Mississippi and Rock Rivers to help make the Quad Cities cleaner and healthier. This year the event will take place on August 8<sup>th</sup> and we are always looking for more volunteers. Please visit their website for more information and we hope to see you there.
